

# VISCOSE VORTEX SPUN YARN

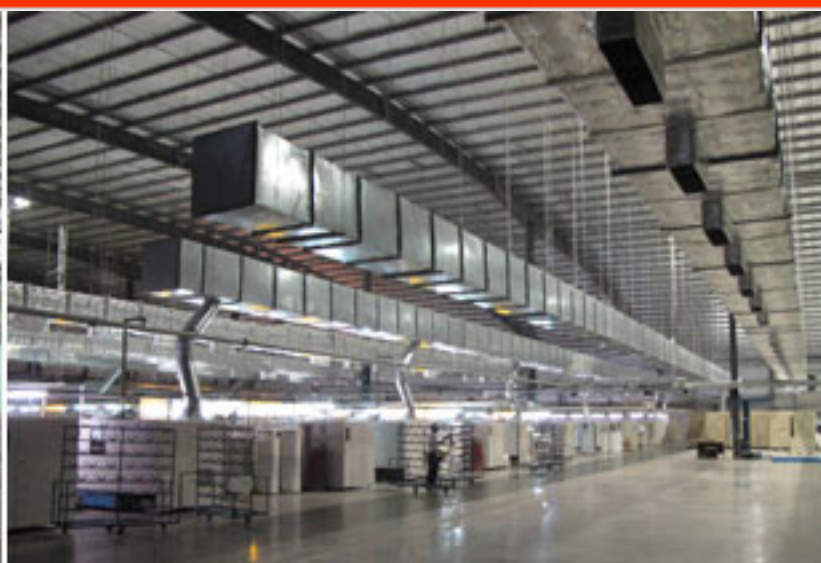

## NRR VISCOSE VORTEX SPUN YARN & CORE SPUN YARN

vortex yarn	Running item	produced against order
viscose fiber 1.2 x 38 bright	30s ne & 34s ne	20s, 24, 28s & 40s
polyester fiber 1.2 x 38 Br & sd		30s, 34s & 40s
viscose core spun hard core		30s viscose final with 40/24 or 70 den nylon or polyester dty/fdy core
viscose core spun spandex		30s ne viscose final with 40 & 70 den spandex core

## NRR SPUN SPINNING TECHNOLOGY

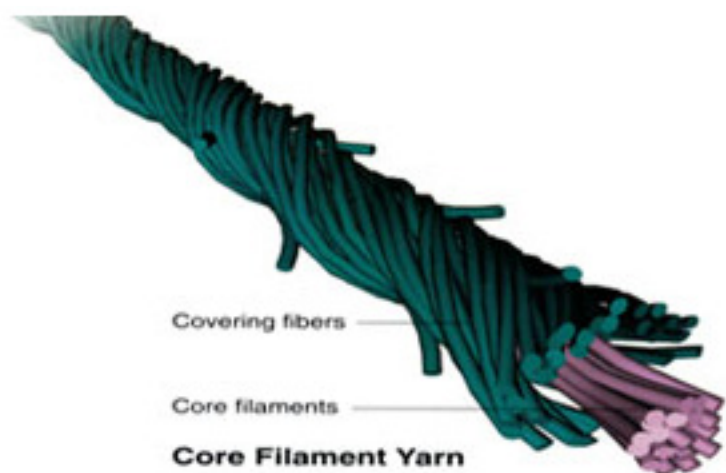

Draw frame Dept

Murata Vortex machine 861 & 810

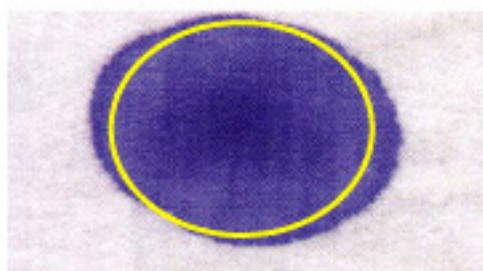

Yarn conditioning dept

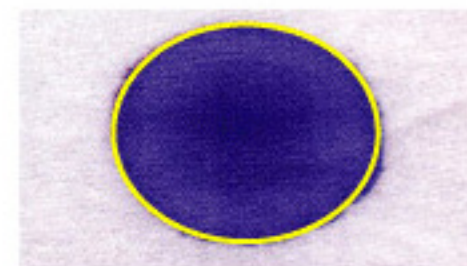

- MVS 810 model m/c are upgraded at par to 861 in software
- Superior resistance to pilling and abrasion
- Low hairiness - Clear & even appearance
- Moisture absorption - quick dry & faster spreading
- Lower lint shedding & Stability against deformation
- Non twisted core yarn
- Free form slip while garment cutting & low spirality
- Sharp printing images - clean fabric surface
- Better dye uptake & wash resistance

## LESS HAIRINESS & QUICK DRY

**NRR super compact yarn**

**Ring yarn**
